

[Hazardous Material Training]

The Michigan Institute for Public Safety Education (MIPSE) at Wayne County Community College District is able to train public and industrial responders with the most up-to-date techniques for handling hazardous material emergencies.

MIPSE is able to provide training to private industry and public responders in various hazardous material subjects, including:

Fire/EMS

- Hazmat Awareness
- Hazmat Operations
- Hazmat Technician
- Hazmat Specialist

Law Enforcement

- Hazmat Awareness

Industry

- Hazardous Waste Operations and Emergency Response (HAZWOPER)

What MIPSE Can Do For You

Wayne County Community College District and MIPSE can give practical hands-on instruction in the latest emergency response techniques, taught in a realistic yet safe setting. Employers, governmental departments and private industry can all benefit from such training, which can help protect employees and property.

Your group can choose from a variety of customized emergency training sessions, and MIPSE can tailor training to fit any budget.

We are ready to help you meet your goals!
